

Agreement and instructions for companies when purchasing ski passes via the Myrkdalen website

- To buy a ski pass online, you must have a keycard from Skidata. There is a number on the back of the keycard. If the number starts with 01 or 30, it can be used (it does not have to be a keycard from Myrkdalen).
 - If you don't have a keycard, you get one online and pick up the card from the machine with a QR code. Ticket machines can be found at the reception at Myrkdalen Hotel or in Myrkdalen Sport and Ski Rental. Cards can be collected from the ticket office on the 1st floor of Myrkdalsstovo in the same premises as the cafe and kiosk.
 - Go to www.myrkdalen.no and click on lift pass - buy day pass.
 - Click on the section PROMO
 - Enter your promo code:
 - Choose a date and complete the purchase step by step
 - Each individual employee pays in the prescribed manner by credit card
 - The ski card is ready for use and is activated when they go through a Skidata reader by the lift. There is no need to contact the ticket office.
-
- Please note that discounted ski passes can only be purchased online. No discount is given at the ticket offices. MF recognizes that technical errors may occur on the website.
 - Myrkdalen decides which card types are available in the online room.
 - The discount code can only be used by employees of companies with whom an agreement has been made
 - In case of abuse, MF can close access to the site or change the password.

Welcome to skiing in Myrkdalen
