Summer party in June!

Our Head of Department Petter Bjørstad invites everybody to his home at Natlandsfjellet to celebrate summer, and to thank you for your efforts this semester. We will try to do this a bit ad-hoc, in order to have the party on a nice summer day, but we would like to inform you about this now. The dates that could be chosen are Wednesday 13th June, Monday 18th June, Tuesday 19th June, or Wednesday 20th June. Exactly which date will be decided later, when the weather forecast is good. On the chosen date we meet outside this building, HiB, at 16.00. A bus will take us up to Petter's house, around 15 minutes' drive from here. You may also come later on your own if that is more convenient for you. There will be a barbecue, and a party until late in the evening. Coming back to you with the date a bit later.

ERC call in July, info meeting 8th June

There will be an information meeting about ERC in Bergen on 8th June 2012. Registration at http://www.forskningsradet.no/no/Arrangement/Bergen_Making_your_ERC_StartingConsolidator_Grant_Proposal_Competitive_/1253977234897?lang=no

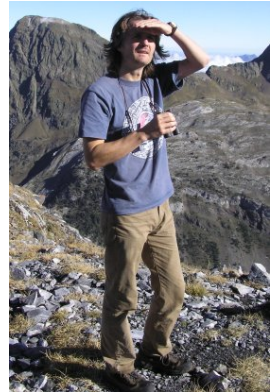

NFR is arranging this workshop to inform and motivate you about European Research Council Starting, Consolidator, Advanced and Synergy Grants. The workshop is also intended to provide training on how to formulate and write a good ERC proposal. The ERC call will be in July. You can

apply for a starting grant if you are in the period from 2 to 7 years after your PhD. The Department of Informatics would like to encourage our scientists to apply for this exciting opportunity.

Introduction meeting for new employees 18th June

There will be a half day seminar for new employees Monday 18th June at 8.15 in seminar room E at the Studentsenteret. The seminar will be held in English. More information and registration:

Jan Arne Telle 50 years' anniversary

We would like to send our best congratulations to Jan Arne Telle at Algorithms group for his 50th anniversary at the 15th of May!

Kvinnenettverk/ II-women's meeting 14th May

We would like to thank all the participants that attended this meeting, you made this evening great! We would also like to thank Professor Gunn Mangerud for a very inspiring and interesting talk, -it was really useful and made us think. Also thanks to Pinar for her enthusiasm and good ideas 😊

Forskningsdagene UNG i september

Forskningsdagene UNG skal foregå fredag 28. september kl 18.00 – 23.00. Arrangementet skal ha mange forskjellige forskningsrelaterte aktiviteter som workshops og forskningsstasjoner. Mer info: http://www.forskningsdagenebergen.com/?page_id=4816

Vi etterlyser Forskningsstasjoner: Etter modell fra Forskningstorget gjør vi Studentsenteret om til et opplevelsessenter fylt til randen med interaktive forskningsstasjoner og formidlingsglade forskere. Tips: Tema og nivå på stasjonen må være tilpasset elever i første og andre klasse på videregående, og vi håper å samle 1000 elever.

Som dere ser kan de miljøene som deltar på Forskningstorget i stor grad bruke samme stasjon under Forskningsdagene UNG (som arrangeres uken etterpå). Frist for påmelding av en forskningsstasjon er 20. juni, og her er lenke til påmelding: http://www.forskningsdagenebergen.com/?page_id=4818
